### EXPECT IMPERFECTIONS.....

These primitive signs are created from white pine that grows in forests. They are "knot" going to be perfect. Yes, you can expect some knots, some discoloration in the lettering (this is from pine sap in the wood) and many other natural characteristics. If you want signs that are perfectly uniform, consider our engraved signs, located in the previous section.

## *Life lessons from a jigsaw puzzle*

*There are no unnecessary pieces.*

*What appears to be a complicated mess will, piece by piece, become a beautiful picture.*

*Building steadily, the finished portion reveals what shape the next pieces will need to be.*

*The purpose isn't finishing quickly, but rather, enjoying the process.*

*Forcing pieces into a place they don't belong will distort the picture the Creator had in mind.*
